

Index

Note: Page numbers of article titles are in **boldface** type.

A

- ACCLAIM evaluation, for joint health products, 126
- Acute renal failure, geriatric care for, in rabbits, 124
- Adenitis, of preputial gland, in ancient rats, 98–99
- Adenocarcinomas, geriatric care for, in ferrets, 116
 - in guinea pigs, 92
 - in psittacines, 41
 - in rabbits, 128
 - in rats, 99
- Adenomas, geriatric care for, in ferrets, 116
 - in guinea pigs, 91–92
 - in rats, 101
- Adrenal tumors, geriatric care for, in ferrets, 111–112
- Age estimation, in psittacines, 27–28
 - in raptors, 53–54
 - in reptiles, 16–20
- Aging pathology. See *Senescence*.
- Air sac carcinomas, geriatric care for, in psittacines, 145
- Allopurinol, in geriatric care, for psittacines, 35, 44
- Alopecia, geriatric care for, in ferrets, 111, 113
 - in guinea pigs, 91
 - in rats, 99
- Alveolar histiocytosis, geriatric care for, in rats, 99
- Alzheimer disease, in psittacines, 29
- Amyloid precursor protein (APP), in geriatric psittacines, 29
- Anastrozole (Arimidex), in geriatric care, for ferrets, 112–113
- Anemia, geriatric care for, in ferrets, 110, 118–119
- Anesthetic agents, in geriatric care, for ferrets, 109
 - for fish patients, 10
 - for guinea pigs and chinchillas, 87–89
 - for psittacines, 38
 - for rabbits, 129–130
 - for raptors, 76
 - for rats, 102
 - for reptiles, 22
- Angiotensin-converting enzyme (ACE) inhibitors, in geriatric care, for psittacines, 36, 44
 - for rats, 98–99
- Anorexia, geriatric care for, in ferrets, 108, 110
 - in psittacines, 34
 - in reptiles, 22
- Anthraxosis, geriatric care for, in psittacines, 144

- Antibiotics, in geriatric care, for guinea pigs and chinchillas, 87
 - for rabbits, 128–129
 - for rats, 98, 101
- Anticonvulsants, for chronic pain. *See Gabapentin.*
- Antidepressants, tricyclic, in geriatric care, for raptors, 63
- Antioxidants, in geriatric care, for psittacines, 135–136
- Aquatic ecosystems, for geriatric fish patients, 2–3
 - environmental quality of, 3, 6
- Arthritis, geriatric care for, in psittacines, 32
 - in rabbits, 125–126
- Aspirin, in geriatric care, for psittacines, 41
- Asthma, geriatric care for, in psittacines, 37
- Atenolol, in geriatric care, for ferrets, 116
- Atherosclerosis, geriatric care for, in psittacines, 31, 36–38, 136, 138–140, 145
 - histologic staging of, 139
 - in rabbits, 124
 - in raptors, 66, 68
 - in rats, 100
 - in reptiles, 23
- Atropine, in geriatric care, for psittacines, 44
- Autoimmune diseases, geriatric care for, in psittacines, 36

B

- Bearded dragons, age estimation of, 18, 20
- Benzodiazepines, in geriatric care, for rabbits, 130
- β -Blockers, in geriatric care, for ferrets, 116
- Bicalutamide (Casodex), in geriatric care, for ferrets, 112–113
- Bile duct proliferation, geriatric care for, in psittacines, 141
 - in rats, 100
- Biliary carcinoma, geriatric care for, in psittacines, 41
- Biopsy, in geriatric care, for ferrets, lymph node, 115
 - renal, 118
 - for psittacines, musculoskeletal, 41
 - renal, 35
- Birds. *See Psittacines.*
 - of prey. *See Raptors.*
- Blindness, geriatric care for, in ferrets, 119
 - in psittacines, 30–31
- Blood pressure (BP) measurements, indirect, in geriatric care, for psittacines, 38
 - for rabbits, 125
- Blood sampling and imaging, in geriatric care, for ferrets, 109, 112, 115, 118
 - for guinea pigs and chinchillas, 90–91
 - for psittacines, 37, 43
 - for raptors, 66
 - for rats, 97, 101
 - for reptiles, 20–21, 24
- Bronchogenic papillary adenoma, in geriatric guinea pigs, 92
- Bumblefoot. *See Pododermatitis.*
- Buprenorphine (Buprenex), in geriatric care, for psittacines, 29, 44
 - for rabbits, 130

Butorphanol tartrate (Torbutrol), in geriatric care, for psittacines, 29–30, 44
for rabbits, 129–130

C

- Calcium phosphate deposits, in kidneys, in ancient rats, 98
- Calculi, urinary, geriatric care for, in fish patients, 10
in rats, 98
- Captopril, in geriatric care, for ferrets, 116
- Carboplatin, in geriatric care, for psittacines, 41–42
- Carcinomas, geriatric care for, in psittacines, air sac, 145
gastrointestinal, 41
hematological, 146
hepatic, 41–42
internal, 41
reproductive, 145–146
squamous cell, 40
- Cardiomyopathy, geriatric care for, in ferrets, 116–117
in rabbits, 124–125
in rats, 99
- Cardiovascular system, geriatric care for, in psittacines, 36–38, 136–140
in rabbits, 124–125
in raptors, 65–69
in rats, 99–100
in reptiles, 23
- Carprofen (Rimadyl), for chronic pain, in rabbits, 125
in raptors, 62
- Cataracts, geriatric care for, in ferrets, 119
in fish patients, 10
in psittacines, 30, 144–145
in rabbits, 128
in raptors, 69, 71
in reptiles, 24
- Catarrhal enteritis, epizootic, in ferrets, 110
- Central nervous system degeneration, geriatric care for. *See also Senility/dementia.*
in raptors, 74
in rats, 100
- Cerebral/cerebellar conditions, geriatric care for, in raptors, 74
- Cheek tooth overgrowth, geriatric care for, in guinea pigs and chinchillas, 88–89
- Chemotherapy, in geriatric care, for ferrets, 115
for psittacines, 41–42
for raptors, 65
- Chinchillas, geriatric diseases of, **85–93**
cheek tooth overgrowth and malocclusion as, 88–89
diabetes mellitus as, 90–91
diet and husbandry related, 86–90
neoplasia as, 91–92
not associated with diet or husbandry, 86–90
pododermatitis as, 87–88
renal failure as, 91
spurs as, 88
summary overview of, 85–86

Chondromas, geriatric care for, in psittacines, 41
Chronic diarrhea, geriatric care for, in ferrets, 111
Chronic otitis, geriatric care for, in rabbits, 128
Chronic pain, geriatric care for, in psittacines, 29–30
Chronic progressive nephrosis/nephropathy (PGN, CPN), geriatric care for, in rats, 96–98
Chronic renal failure, geriatric care for, in rabbits, 123–124, 129
Cirrhosis, of liver, in aging psittacines, 139–141
Cisplatin, in geriatric care, for psittacines, 41
Cloacal disease, geriatric care for, in psittacines, 33
Cobalamin therapy, in geriatric care, for ferrets, 111
Cognition, in aging raptors, 71, 74
 in geriatric psittacines, 29
Colchicine, in geriatric care, for psittacines, 34–35, 44
Congestive heart failure, geriatric care for. *See Cardiomypopathy.*
Consultation, in geriatric care, initial, for reptiles, 20
 ophthalmology, for psittacines, 31
Corneal lipidosis, geriatric care for, in reptiles, 24
Crocodilians, age estimation of, 19
Cushing disease, in ferrets, 111
Cystadenomas, rete, in geriatric guinea pigs, 91–92
Cystic ovarian disease, geriatric care for, in guinea pigs, 91–92
 in psittacines, 39
Cystic renal disease, geriatric care for, in ferrets, 117–118

D

DDT toxins, geriatric care for, in raptors, 54–55
Degenerative changes, in central nervous system. *See also Senility/dementia.*
 geriatric care for, in psittacines, 145
 in raptors, 74
 in rats, 100
Degenerative joint disease, geriatric care for, in psittacines, 140–142
 in rabbits, 125–126
 in raptors, 57, 60–62
 in rats, 100
 in reptiles, 21, 23
Dementia. *See Senility/dementia.*
Dental disease, geriatric care for, in ferrets, 108, 119
 in guinea pigs and chinchillas, 88–89
 in rabbits, 127
 in reptiles, 22
Dermatitis. *See also Pododermatitis.*
 geriatric care for, in psittacines, ulcerative, 141
 in rabbits, perineal, 128, 130
Dermatologic disease. *See Integument disorders.*
Dexamethasone suppression test, for adrenal cortical tumors, in senior ferrets, 112
Diabetes mellitus, geriatric care for, in guinea pigs and chinchillas, 90–91
 in psittacines, 35–36
Diarrhea, chronic, in senior ferrets, 111
Diazoxide, in geriatric care, for ferrets, 114
Diclofenac, in geriatric care, for psittacines, 29

Diet. See *Nutrition*.

Digestive system. See *Gastrointestinal entries*.

Digoxin, in geriatric care, for ferrets, 116

for rabbits, 125

DNA, in aging psittacines, 28, 136

E

Echocardiography, in geriatric care, for psittacines, 38

for rabbits, 124

for raptors, 66–68

Electrocardiogram (ECG), in geriatric care, for psittacines, 38

for raptors, 66–67

Electrocution, geriatric care for, in raptors, 55–56, 60

Enalapril (Enacard), in geriatric care, for psittacines, 36, 44

for rabbits, 125

for raptors, 69

Encephalitozoon cuniculi (ECUN), diseases related to, in geriatric rabbits, 124–125, 128

Endocardiosis, geriatric care for, in rabbits, 124–125

Endocrine system, geriatric care for, in psittacines, 35–36, 42

in reptiles, 24

End-of-life issues, of geriatric rabbits, 130–131

Endoscopy, in geriatric care, for raptors, 66

Enteritis, epizootic catarrhal, in ferrets, 110

Environment, in geriatric care. See also *Husbandry*.

for fish patients, aquatic ecosystems and, 3, 6

for raptors, wild vs. human impacts, 52–57

Epicardial fat, in aging psittacines, 37, 136

Erythropoietin, in geriatric care, for ferrets, 118–119

for rabbits, 124

Ethics, of evidence-based medicine, for geriatric psittacines, 28

Etomidate, in geriatric care, for rabbits, 130

Euthanasia, in geriatric care, for ferrets, 120

for fish patients, 10–11

for rabbits, 131–132

for reptiles, 24

Evidence-based medicine (EBM), for geriatric psittacines, 27–28

Extramedullary hematopoiesis, in ancient rats, 100

in ferrets, 119–120

in psittacines, 141

F

Falconry, use of raptors for, 51–52

Feeding tubes, in geriatric care, for rabbits, 130

Fentanyl (Duragesic), in geriatric care, for psittacines, 30, 44

Ferrets, senior, **107–122**

common geriatric diseases of, 110–120

cardiomyopathy as, 116–117

cataracts as, 119

dental, 108, 119

Ferrets (continued)

- gastrointestinal, 107–108, 110–111
 - insulinoma as, 108, 113–114
 - lymphoma as, 114–115
 - neoplasia as, 111–113, 116
 - renal, 117–119
 - splenomegaly as, 119–120
 - dealing with loss of, 120
 - diet for, 108
 - husbandry for, 107–108
 - physical examination of, 109
 - preventive care for, 109–110
 - restraint of, 109
 - summary overview of, 107
 - venipuncture for, 109
 - veterinary care for, 108–109
- Fibrosarcomas, geriatric care for, in fish patients, 9
- in psittacines, 40
- Fibrosis, of liver, in aging psittacines, 141–143
- Fish patients, geriatric veterinary care for, **1–14**
- cataracts and, 10
 - environmental quality and, 3, 6
 - euthanasia and, 10–11
 - infectious diseases and, 7–8
 - longevity and, 1–2
 - in public aquaria communities, 2–3
 - record life spans for common species, 2, 4–5
 - neoplasia and, 9–10, 28
 - nutritional concerns and, 6–7
 - public aquaria communities and, 2–3
 - reproductive problems and, 9
 - senescence and, 1–2
 - summary overview of, 1, 11
 - urinary calculi and, 10
- Fluid supplementation, in geriatric care, for ferrets, 110
- for rats, 98
- Flutamide (Eulexin), in geriatric care, for ferrets, 112–113
- Free radical-induced cell injury, in aging psittacines, 28, 136
- Furosemide, in geriatric care, for ferrets, 116
- for psittacines, 44
 - for rabbits, 125

G

- Gabapentin, for chronic pain, in psittacines, 30
- in raptors, 63
- Gastrointestinal system, geriatric care for, in ferrets, 107–108, 110–111
- in psittacines, 33–34, 41
 - in reptiles, 22–23
- Gastrointestinal (GI) tract neoplasia, geriatric care for, in psittacines, 33, 41
- Genitourinary disease, in ancient rats, 98–99

- calculi as, 98
- of female genital track, 99
- of male genital track, 98–99
- Geriatric veterinary care, for ancient rats, **95–105**. See also *Rats*.
 - for ferrets, **107–122**. See also *Ferrets*.
 - for fish, **1–14**. See also *Fish patients*.
 - for guinea pigs and chinchillas, **85–93**. See also *Chinchillas; Guinea pigs*.
 - for psittacines, **27–49**. See also *Psittacines*.
 - aging pathology in, **135–150**
 - for rabbits, **123–133**
 - for raptors, **51–84**. See also *Raptors*.
 - for reptiles, **15–25**. See also *Reptile geriatrics*.
- GIF Tube Implant Kit, for acute renal failure, in rabbits, 124
- Gingivitis, geriatric care for, in ferrets, 119
- Glaucoma, geriatric care for, in psittacines, 31
 - in raptors, 69, 71
- Glipizide, in geriatric care, for guinea pigs and chinchillas, 90
- Golden eagle, torticollis in, 74–75
- Gonadotropin-releasing hormone system, in geriatric care, for ferrets, 112–113
 - for psittacines, 39, 41, 142
- Gout, geriatric care for, in psittacines, 33–35, 138
 - in raptors, 69
 - in reptiles, 23
- Guinea pigs, geriatric diseases of, **85–93**
 - cheek tooth overgrowth and malocclusion as, 88–89
 - diabetes mellitus as, 90–91
 - diet and husbandry related, 86–90
 - hypovitaminosis C as, 86–87
 - neoplasia as, 91–92
 - not associated with diet or husbandry, 86–90
 - ovarian cysts as, 91
 - pododermatitis as, 87–88
 - renal failure as, 91
 - scrotal plugs as, 89–90
 - spurs as, 88
 - summary overview of, 85–86
 - vaginitis as, 89–90

H

- Hawks, intraocular pressure measurement in, 71, 73
- Hearing, geriatric care for, in psittacines, 31–32
- Heartworm disease, geriatric care for, in ferrets, 109–110, 116–117
- Hemangiomas, geriatric care for, in psittacines, 146
- Hemangiosarcomas, geriatric care for, in ferrets, 116
 - in psittacines, 146
- Hematopoiesis, extramedullary, in ancient rats, 100
 - in ferrets, 119–120
 - in psittacines, 141

- Hepatic disease, geriatric care for, in ferrets, 108, 116
 - in fish patients, 7
 - diet-related, 7
 - in psittacines, 33–34, 137
 - chronic, 141–142
 - neoplastic, 41–42
 - in raptors, 69
 - in rats, 100
- Hepatic lipidosis, geriatric care for, in ferrets, 108
 - in fish patients, 7
 - in psittacines, 33–34
- Hepatic neoplasia, geriatric care for, in psittacines, 41–42
- Histiocytosis, alveolar, in ancient rats, 99
- Hospice, in geriatric care, for rabbits, 130–131
- Human aging model, for geriatric psittacines, 28
- Human use, of raptors, 51–53
 - for falconry, 51–52
 - wildlife vs., 52–53
 - by zoologic institutions, 52
- Husbandry, in geriatric care, for ferrets, 107–108
 - for fish patients, 3, 6
 - public aquaria communities and, 2–3
 - for guinea pigs and chinchillas, 86–90
 - for rabbits, 126, 130–131
 - for raptors, direct human impacts on, 51–53, 57
 - indirect human impacts on, 54–56
 - therapeutic strategies in, 61
 - wild environment impact on, 52–53, 56–57
 - for rats, 102
 - for reptiles, 16, 18, 20, 22, 24
- Hyaluronic acid, in geriatric care, for rabbits, 125–126
- Hydrogen sulfide (H₂S), in aquatic ecosystems, of geriatric fish patients, 6
- Hydromorphone, in geriatric care, for rabbits, 130
- Hyperglycemia. *See Diabetes mellitus.*
- Hyperparathyroidism, secondary renal, in geriatric reptiles, 23
- Hypertension, pulmonary, in aging psittacines, 36
- Hypocalcemia, geriatric care for, in reptiles, 24
- Hypothyroidism, geriatric care for, in reptiles, 24
- Hypovitaminosis C, geriatric care for, in guinea pigs, 86–87

I

- Immune system, geriatric care for, in raptors, 76
 - in reptiles, 24
- Infectious diseases, geriatric care for, in ferrets, 110–111, 117
 - in fish patients, 7–8
 - in psittacines, 37, 142–144
 - in rabbits, 124–125
 - in raptors, 56–57, 68, 71, 74
 - in rats, 101
 - in reptiles, 24

- Inflammatory bowel disease, in senior ferrets, 111
- Insulinoma, geriatric care for, in ferrets, 108, 113–114
- Integument disorders, geriatric care for, in ferrets, 111, 113, 116
 - in guinea pigs and chinchillas, 87–88, 91
 - in psittacines, 137, 140–141
 - in rabbits, 128
 - in raptors, 76
 - in rats, 99
 - in reptiles, 22
- Interstitial cell tumors, geriatric care for, in rats, 101
- Interstitial fibrosis, pulmonary, in aging psittacines, 143–144
- Interstitial nephritis, geriatric care for, in ferrets, 117
 - in psittacines, 136–137
 - in rabbits, 124
- Intraocular pressure, geriatric care for, in raptors, 69, 71–73
- Iris atrophy, geriatric care for, in psittacines, 30–31
- Ischemic events, cerebral, in aging raptors, 74
- Islet cell hyperplasia/tumors, pancreatic, in aging psittacines, 35
 - in senior ferrets, 108, 113–114

J

- Joint disease, geriatric care for, arthritic. See *Arthritis*.
 - degenerative. See *Degenerative joint disease*.
- Joint health products (JHPs), in geriatric care, for rabbits, 126

K

- Keratopathy, lipid, in geriatric reptiles, 24
- Ketamine, in geriatric care, for rabbits, 129–130
- Ketoprofen, in geriatric care, for psittacines, 29
 - for rabbits, 125
- Kidney pathology. See *Renal entries*.

L

- Laboratory studies. See *Blood sampling and imaging*.
- Lacrimal function, geriatric care for, in raptors, 69–70
- Lafora bodies, in psittacines, 145
- Legal guidelines, of evidence-based medicine, for geriatric psittacines, 28
- Leiomyoma, uterine, geriatric care for, in guinea pigs and chinchillas, 92
- Leukemia, large granular lymphocytic, in ancient rats, 101
- Leuprolide acetate (Depo-Lupron), in geriatric care, for ferrets, 112–113
 - for psittacines, 39, 44
- Lidocaine block, in geriatric care, for rabbits, 129–130
- Life expectancy/span. See *Longevity*.
- Lighting, in aquatic ecosystems, of geriatric fish patients, 6
- Lipid metabolism disorders, geriatric care for, in psittacines, 37–38
 - in reptiles, 23
- Lipidosis, geriatric care for, cardiovascular, in psittacines, 37, 136
 - corneal, in reptiles, 24
 - hepatic. See *Hepatic lipidosis*.

- Lipofuscin accumulation, geriatric care for, in psittacines, 136, 139–140, 145
- Lipomas, geriatric care for, in fish patients, 9
- in psittacines, 39–40
- Liposome-encapsulated butorphanol tartrate (LEBT), in geriatric care, for psittacines, 30, 44
- Liver pathology. *See Hepatic entries.*
- Lizards, age estimation of, 19
- Longevity, geriatric care and, in ferrets, 108–109
- in fish patients, 1–2
 - public aquaria communities and, 2–3
 - record life spans for common species, 2, 4–5
 - in psittacines, atypical models of, 28–29
 - human aging and, 28
 - senility/dementia and, 29
 - in raptors, 54–57
 - record life spans for common species, 54, 58–59
 - in rats, 102
 - in reptiles, 17–20
- reproductive. *See Reproductive system.*
- Lymphoblastic lymphoma, geriatric care for, in ferrets, 115
- Lymphocytic leukemia, large granular, in ancient rats, 101
- Lymphocytic lymphoma, geriatric care for, in ferrets, 115
- Lymphoma, geriatric care for, in chinchillas, 92
- in ferrets, 114–115
 - in psittacines, 42
- Lymphoproliferative disorders, geriatric care for, in reptiles, 24
- Lymphosarcoma, geriatric care for, in fish patients, 9–10
- in psittacines, 42

M

- Macaw asthma, geriatric care for, in psittacines, 37
- Malocclusion, geriatric care for, in guinea pigs and chinchillas, 88–89
- Mammary tumors, geriatric care for, in rats, 101
- Medetomidine, in geriatric care, for rabbits, 129
- Medication administration, in geriatric care, for psittacines, 42–44
- agents mentioned, 43–44
 - quality of life with, 42–43
 - for rabbits, 125–126
 - modification of, 129–130
 - for rats, 102
- Melanomas, geriatric care for, in psittacines, 40
- Melatonin, in geriatric care, for ferrets, 112–113
- Meloxicam (Metacam), in geriatric care, for guinea pigs and chinchillas, 87
- for psittacines, 29, 44
 - for rabbits, 125, 129
 - for raptors, 62
- Metabolic disorders. *See also Diabetes mellitus; Gout.*
- geriatric care for, in raptors, 69
- Metal toxicities, geriatric care for, in ferrets, 118–119
- in fish patients, 6

- Metalloproteinases, in geriatric care, for rats, 99
- Metastatic calcification, geriatric care for, in guinea pigs, 91
- Midazolam, in geriatric care, for rabbits, 129–130
- Morbidity events, of raptors, aging and, 54–57
- Mortality events, of raptors, aging and, 54–57
- Murine respiratory mycoplasmosis (MRM), in ancient rats, 101
- Muscle wasting, geriatric care for, in ferrets, 108
 - in psittacines, 140, 142
 - in rabbits, 127–128
 - in reptiles, 23
- Musculoskeletal system, geriatric care for, in ferrets, 113
 - in psittacines, 32–33, 41, 137, 142
 - in rabbits, 127
 - in raptors, 57, 60–63
 - in rats, 100–101
 - in reptiles, 23
- Mycobacteriosis, geriatric care for, in fish patients, 7–8
- Mycoplasmosis, murine respiratory, in ancient rats, 101
- Myelolipomas, geriatric care for, in psittacines, 146
- Myocardial disease. *See Cardiomypopathy.*
- Myocardial fat, in aging psittacines, 37, 136

N

- Natural disasters, geriatric care for, in raptors, 56
- Necropsy, in geriatric care, for ferrets, 117
 - for fish patients, 11
 - for psittacines, 37
 - for raptors, 65–66, 68
- Neoplasia, geriatric care for. *See also specific pathology.*
 - in ferrets, 111–113, 116
 - in fish patients, 9–10
 - in guinea pigs and chinchillas, 91–92
 - in psittacines, 28, 31, 33–42, 137, 145–146. *See also Carcinomas.*
 - in rabbits, 124, 128–129
 - in raptors, 63–65, 75
 - in rats, 99, 101
 - in reptiles, 22–24
- Nephritis, geriatric care for, in ferrets, interstitial, 117
 - in psittacines, bacterial, 35
 - interstitial, 136–137
 - in rabbits, interstitial, 124
- Nephrocalcinosis, geriatric care for, in rats, 98
- Nervous system, geriatric care for, in psittacines, 137, 145
 - in raptors, 71, 74–75
 - in rats, 100
 - in reptiles, 24
- Neurofibroma, geriatric care for, in fish patients, 9
- Neutraceuticals, in geriatric care, for raptors, 63
- Nitric oxide (NO), for pulmonary hypertension syndrome, in psittacines, 36
- Nitrogen cycle, in aquatic ecosystems, of geriatric fish patients, 3, 6

- Nitroglycerin, in geriatric care, for ferrets, 116
- Nonsteroidal antiinflammatory drugs (NSAIDs), 62
 - for chronic pain, in aging raptors, 62–63
 - in geriatric psittacines, 29, 35, 44
- Nuclear sclerosis (NS), geriatric care for, in psittacines, 31
- Nutraceuticals, in geriatric care, for raptors, 63
- Nutrition, in geriatric care, for ferrets, 108, 113–114, 119
 - for fish patients, 6–7
 - for guinea pigs and chinchillas, 86–90
 - for psittacines, 33–35, 37–38
 - for rabbits, 124–125, 127, 130
 - for rats, 97–98, 100–102
 - for reptiles, 23–24

O

- Obesity, geriatric care for, in raptors, 68, 76
- Ocular disease. *See also Vision.*
 - geriatric care for, in ferrets, 119
 - in fish patients, 10
 - in psittacines, 30, 144–145
 - in rabbits, 128
 - in raptors, 69–73
 - in rats, 100
 - in reptiles, 24
- Olfaction, geriatric care for, in psittacines, 32
- Omega-3 fatty acids, in geriatric care, for psittacines, 35
- Ophthalmology consultation, in geriatric care, for psittacines, 31
 - for raptors, 69–71
- Opioids, in geriatric care, for psittacines, 29–30, 44
 - for rabbits, 129–130
 - for raptors, 63
- Organ failure, geriatric care for, in raptors, 69
- Osteoarthritis, geriatric care for, in psittacines, 32
 - in rabbits, 125–126
 - in raptors, 57, 60–62, 74
 - in rats, 100
- Osteoporosis, geriatric care for, in psittacines, 33
- Otitis, chronic, in geriatric rabbits, 128
- Ovarian cystic disease, geriatric care for, in guinea pigs, 91
 - in psittacines, 39
- Ovarian neoplasia, geriatric care for, in psittacines, 41, 143, 145
 - in rats, 99
- Ovulatory cycle, in aging cockatiels, 142–143
- Owls, age determination of, 51–56
 - intraocular pressure measurement in, 71–73
 - torticollis in, 75

P

- Pain, chronic, in aging psittacines, 29–30
- Pain management, in geriatric care, for psittacines, 29–30

- for rabbits, 125, 128–131
- for raptors, 62–63
- Pancreatic carcinoma, geriatric care for, in psittacines, 41
- Pancreatic islet cell hyperplasia/tumors, geriatric care for, in ferrets, 108, 113–114, 116
 - in psittacines, 35
- Papillary adenoma, bronchogenic, in geriatric guinea pigs, 92
- Parathyroid gland hypertrophy, geriatric care for, in psittacines, 36
- Perineal dermatitis, geriatric care for, in rabbits, 128, 130
- Periodontal disease, geriatric care for, in reptiles, 22
- Physical examination, in geriatric care, annual, for psittacines, 43
 - for ferrets, 109
 - initial, for reptiles, 20
 - for raptors, 61
- Physical therapy, in geriatric care, for raptors, 63
- Physiologic data, on aging psittacines, 135–135
 - on ancient rats, 95–96
- Pimobendin/pimobendamide, in geriatric care, for psittacines, 44
 - for rabbits, 125
- Pituitary tumors, geriatric care for, in psittacines, 31, 42
 - in rats, 101
- Pneumoconiosis, geriatric care for, in psittacines, 144
- Pododermatitis, geriatric care for, in guinea pigs and chinchillas, 87–88
 - in psittacines, 32–33
 - in rabbits, ulcerative, 128
- Polyarthritis nodosa, geriatric care for, in rats, 99–100
- Polyuria/polydipsia (PU/PD), geriatric care for, in guinea pigs and chinchillas, 90
 - in psittacines, 34–35
 - in rats, 97
- Postmortem examination. *See Necropsy.*
- Prednisolone, in geriatric care, for ferrets, 114
- Prednisone, in geriatric care, for ferrets, 114
- Preputial gland adenitis, geriatric care for, in rats, 98–99
- Preventive care, in geriatric care, for ferrets, 109–110
- Prostate gland disorders, geriatric care for, in ferrets, 111
 - in rats, 99
- Protein intake, in geriatric care, for ferrets, 108, 113–114, 119
 - for rats, 98, 102
- Psittacines, geriatric medicine for, **27–49**
 - aging pathology in, **135–150**
 - cardiovascular disease and, 136–140
 - disease conditions associated with, 136–137
 - integument disease and, 137, 140–141
 - liver disease and, 137, 141–142
 - musculoskeletal disease and, 137, 142
 - nervous system and, 137, 145
 - physiology of, 135–135
 - reproductive system disease and, 137, 142–143
 - respiratory system disease and, 137, 143–144
 - special senses and, 144–145
 - summary overview of, 135, 147
 - tumor oncology and, 137, 145–146

Psittacines (continued)

- annual examination and, 43
- atypical models of, 28–29
 - human aging and, 28
 - senility/dementia and, 29
- chronic pain and, 29–30
- disease conditions by system and, 30–34
 - cardiovascular, 36–38
 - endocrine, 35–36
 - gastrointestinal, 33–34
 - hepatic, 33–34
 - musculoskeletal, 32–33
 - renal, 34–35, 37, 136–137
 - reproductive, 38–39
 - special senses, 30–32
- evidence-based, 27–28
- medication administration and, 42–44
 - agents mentioned, 43–44
 - quality of life with, 42–43
- neoplastic diseases and, 39–42
 - biliary, 41
 - endocrine, 35–36, 42
 - fibrosarcomas, 40
 - gastrointestinal, 33, 41
 - hepatic, 41–42
 - incidence of, 28, 39
 - internal carcinoma, 41
 - lipomas, 39–40
 - lymphatic, 42
 - melanomas, 40
 - musculoskeletal, 41
 - ovarian, 41
 - pancreatic, 35, 41
 - pituitary, 31
 - respiratory, 42
 - squamous cell carcinomas, 40
 - treatment of, 42
 - xanthomas, 39
- summary overview of, 27
- Public aquariums, for geriatric fish patients, 2–3
- Pulmonary hypertension syndrome (PHS), geriatric care for, in psittacines, 36
- Pulmonary interstitial fibrosis, geriatric care for, in psittacines, 143–144

Q

- Quality of life, medication administration and, in geriatric psittacines, 42–43

R

- Rabbits, geriatric care for, **123–133**
 - anesthesia in, 129–130

- arthritis/degenerative joint disease and, 125–126
 - cardiovascular disease and, 124–125
 - chronic otitis and, 128
 - chronic renal failure and, 123–124, 129
 - dental disease and, 127
 - drug therapeutics in, 125–126
 - modification of, 129–130
 - end-of-life issues and, 130–131
 - euthanasia in, 131–132
 - hospice in, 130–131
 - muscle wasting and, 127
 - neoplasia and, 124, 128–129
 - ocular lesions and, 128
 - perineal dermatitis and, 128, 130
 - sedation in, 129–130
 - splay leg and, 127
 - summary overview of, 123
 - ulcerative pododermatitis and, 128
 - well care in, 123
- Radiation therapy, in geriatric care, for ferrets, 115
 - for psittacines, 42
 - for raptors, 65
- Radiography, in geriatric care, for ferrets, 115–116, 118
 - for guinea pigs and chinchillas, 87, 89
 - for psittacines, 37, 41, 43
 - for rabbits, 124
 - for raptors, 61, 65–66, 74
 - for reptile, 21–22, 24
- Raptors, aging, **51–84**
 - age determination in, 53–54
 - disease conditions of, 57, 60–76
 - cardiovascular, 65–69
 - miscellaneous, 76
 - musculoskeletal, 57, 60–63
 - neoplasia, 63–65, 75
 - neurologic, 71, 74–75
 - ocular, 69–73
 - organ failure, 69
 - reproductive, 74–76
 - geriatric divisions of, 53
 - human use of, 51–53
 - for falconry, 51–52
 - wildlife vs., 52–53
 - by zoologic institutions, 52
 - life expectancy in, 54–57
 - longevity records of, 54, 58–59
 - morbidity of, 54–57
 - mortality of, 54–57
 - summary overview of, 51, 76
- Rats, ancient, **95–105**
 - alveolar histiocytosis in, 99

Rats (*continued*)

- atherosclerosis in, 100
 - central nervous system degenerative changes in, 100
 - degenerative osteoarthritis in, 100
 - dermatologic disease in, 99
 - genitourinary disease in, 98–99
 - calculi as, 98
 - of female genital track, 99
 - of male genital track, 98–99
 - husbandry consideration in, 102
 - infectious disease in, 101
 - liver disease in, 100
 - myocardial disease in, 99
 - physiologic data on, 95–96
 - polyarteritis nodosa in, 99–100
 - renal disease in, 96–98
 - description of, 96
 - diagnostics for, 96–97
 - prevention of, 97–98
 - treatment of, 98
 - retinal degeneration in, 100
 - skeletal muscle disease in, 100–101
 - summary overview of, 95–96, 102
 - tumors in, 99, 101
- Renal cysts, geriatric care for, in ferrets, 117–118
- Renal disease. *See also Urinary entries.*
- geriatric care for, in ferrets, 117–119
 - in fish patients, 10
 - in psittacines, 34–35, 37, 136–137
 - in rabbits, 123–124
 - in raptors, 69
 - in rats, 96–98
 - description of, 96
 - diagnostics for, 96–97
 - prevention of, 97–98
 - treatment of, 98
 - in reptiles, 23
- Renal failure, geriatric care for, in guinea pigs, 91
- in rabbits, acute, 124
 - chronic, 123–124, 129
- Renal portal shunt disease, geriatric care for, in psittacines, 37
- Reproductive system, geriatric care for, in fish patients, 9
- in guinea pigs and chinchillas, 89–92
 - in psittacines, 38–39, 137, 142–143
 - in raptors, 74–76
 - in rats, 98–99
 - in reptiles, 23
- Reptile geriatrics, **15–25**
- age estimation in, 16–20
 - clinical considerations for, 20–24
 - of cardiovascular system, 23

- of digestive system, 22–23
- of endocrine system, 24
- of immune system, 24
- of integument, 22
- of nervous system, 24
- physical examination as, 20
- radiographs as, 21–22
- of reproductive system, 23
- serial blood sampling and imaging as, 20–21
- of skeletomuscular system, 23
- of special senses, 24
- of urinary system, 23
- initial consultation in, 20
- longevity in, 17–20
- senescence in, 15–16
- summary overview of, 15
- Respiratory neoplasia, geriatric care for, in guinea pigs and chinchillas, 92
 - in psittacines, 42
- Respiratory system, geriatric care for, in psittacines, 137, 143–144
 - in raptors, 76
 - in rats, 101
 - in reptiles, 23
- Restraint, in geriatric care, chemical. See *Anesthetic agents*.
 - for ferrets, 109
- Rete cystadenomas, geriatric care for, in guinea pigs, 91–92
- Retinal degeneration, geriatric care for, in psittacines, 31
 - in rats, 100

S

- Sarcomas, geriatric care for, in chinchillas, 92
 - in ferrets, 109, 116
 - in psittacines, 41, 146
- Schirmer tear test (STT), for raptors, 69–70
- Scrotal plugs, geriatric care for, in guinea pigs, 89–90
- Scurvy, geriatric care for, in chinchillas, 89
 - in guinea pigs, 86–87
- Sedation, in geriatric care. See also *Anesthetic agents*.
 - for rabbits, 129–130
- Seizures, geriatric care for, in rabbits, 130
 - in raptors, 74
- Seminomas, geriatric care for, in psittacines, 146
- Senescence, in geriatric care, for psittacines, age estimation and, 27–28
 - pathology of, **135–150**. See also *Psittacines*.
 - for raptors, age estimation and, 53–54
 - for reptiles, 15–16
 - age estimation and, 16–18
- Senility/dementia, geriatric care for, in psittacines, 29
 - in raptors, 71, 74
- Sertoli cell tumors, geriatric care for, in psittacines, 146
- Silver sulfadiazine, in geriatric care, for guinea pigs and chinchillas, 87
 - for rabbits, 128

- Skeletomuscular system. See *Musculoskeletal system*.
- Smell sense. See *Olfaction*.
- Snakes, age estimation of, 19
- Special senses, geriatric care for, in psittacines, 29–32, 144–145
 - in reptiles, 24
- Splay leg, geriatric care for, in rabbits, 127
- Splenomegaly, geriatric care for, in ferrets, 119–120
- Spondylosis, vertebral, in geriatric rabbits, 125–126
- Spurs, geriatric care for, in guinea pigs and chinchillas, 88
- Squamous cell carcinomas (SCC), geriatric care for, in psittacines, 40
- Statins, in geriatric care, for psittacines, 37–38, 44
- Steroids, in geriatric care, for ferrets, 114
- Surgical management, of adrenal cortical tumors, in senior ferrets, 112
 - geriatric anesthesia for. See *Anesthetic agents*.
 - of pancreatic islet cell adenomas, in senior ferrets, 114
 - of pododermatitis, in geriatric guinea pigs and chinchillas, 87–88
- Synovitis, villonodular, in aging cockatiels, 142

T

- Tamoxifen, in geriatric care, for psittacines, 41
- Taurine, in geriatric care, for rabbits, 125
- Tear test, Schirmer, for raptors, 69–70
- Telomeres/telomerase, in aging psittacines, 28, 135–136
- Teratoma, geriatric care for, in guinea pigs, 92
- Testicular disorders, geriatric care for, in psittacines, 143
 - in rats, 99
- Thiamine deficiency, geriatric care for, in fish patients, 6–7
- Thymomas, geriatric care for, in ferrets, 116
 - in rabbits, 129
 - in reptiles, 24
- Thyroid disorders, geriatric care for, in psittacines, 36
 - in reptiles, 24
- Thyroid hyperplasia, in geriatric fish patients, 7
- Torticollis, geriatric care for, in raptors, 74–75
- Toxicities/toxicoses, geriatric care for, in ferrets, 118–119
 - in fish patients, 6
 - in raptors, 54–55, 71, 74
- Tramadol, in geriatric care, for psittacines, 29–30, 44, 61–62
 - for raptors, 63
- Traumatic injuries, geriatric care for, in raptors, 54–57, 60, 69, 71, 74
- Tremors, geriatric care for, in raptors, 74
- Trichobezoars, geriatric care for, in ferrets, 110
- Trichofolliculoma, geriatric care for, in guinea pigs, 91
- Tricyclic antidepressants, in geriatric care, for raptors, 63
- Tuataras, age estimation of, 19
- Tumors. See *Neoplasia*.
- Turtles, age estimation of, 19–20

U

- Ulcerative dermatitis, in psittacines, 141
- Ulcerative pododermatitis, in rabbits, 128
- Ulcers, gastrointestinal, in ferrets, 110
- Ultrasonography, in geriatric care, cardiac. *See Echocardiography.*
 - for ferrets, 115–118
 - for rabbits, 124
 - for raptors, 61, 65–66
- Uric acid accumulation. *See Gout.*
- Urinalysis, in geriatric care, for psittacines, 34
 - for rats, 96–97
- Urinary calculi, geriatric care for, in fish patients, 10
 - in rats, 98
- Urinary system, geriatric care for, in rats, 98–99
 - description of, 98
 - female genital track, 99
 - male genital track, 98–99
 - in reptiles, 23
- Ursodeoxycholic acid (UDCA), in geriatric care, for psittacines, 34, 44
- Uterine tumors, geriatric care for, in guinea pigs and chinchillas, 92
 - in rabbits, 128
 - in rats, 99
- UV light detection, in geriatric psittacines, 30

V

- Vaccines, in geriatric care, for ferrets, 109
- Vacuolar myelinopathy, geriatric care for, in raptors, 74
 - in rats, 100
- Vaginitis, geriatric care for, in guinea pigs, 89–90
- Valvular disease, cardiac, geriatric care for, in rabbits, 124–125
- Venipuncture, in geriatric care, for ferrets, 109
- Vision, geriatric care for. *See also Ocular disease.*
 - in fish patients, 10
 - in psittacines, 30–31
 - in reptiles, 24
- Vitamin A deficiency, geriatric care for, in psittacines, 33, 35
- Vitamin B supplementation, in geriatric care, for rats, 100
- Vitamin C deficiency, geriatric care for, in guinea pigs, 86–87
- Vitamin D deficiency, geriatric care for, in fish patients, 6
 - in psittacines, 33

W

- Well care, for geriatric rabbits, 123

X

- Xanthomas, geriatric care for, in psittacines, 39, 146

Z

- Zoologic institutions, use of raptors by, 52
